Covering the recent Domestic Violence Act Amendments in the NT and how its going now, including case studies, successes and challenges.

Preparing and Delivering CLE (Legal Aid NT)

This presentation is about how to design a good CLE presentation, including principles of adult learning and different learning styles. It will cover approaches to planning your presentation and getting your message across, including applying practical examples to your work.

Effective Engagement with Young People (CatholicCare NT)

An interactive session about how to engage effectively with young people in the space of education and community programs. Including useful tips, tools and resources when working with young people.

Making video content for socials & AI in preparing CLE materials (Clickstarter Education)

A practical session about how to make video content in social media on your phone, showcasing easy to use video editing programs. Also covering the use of AI in preparing education materials, including how to create simple web pages and presentations.

Blurred Borders Resource Showcase (Legal Aid NT)

The Blurred Borders Resource Kits use visual art and storytelling to help explain in a culturally accessible way key legal concepts. These resources were produced for legal and community service providers working with Aboriginal people in the NT/WA cross-border regions.

Legal Health Check Resource (Legal Aid NT)

This session introduces the Legal Health Check, a practical tool for lawyers, community workers and individuals to spot hidden issues early. Through group discussion and activities, we'll explore the most common legal issues facing vulnerable groups, why early intervention matters, and how non-legal service providers can play a vital role in connecting people to the right support.
